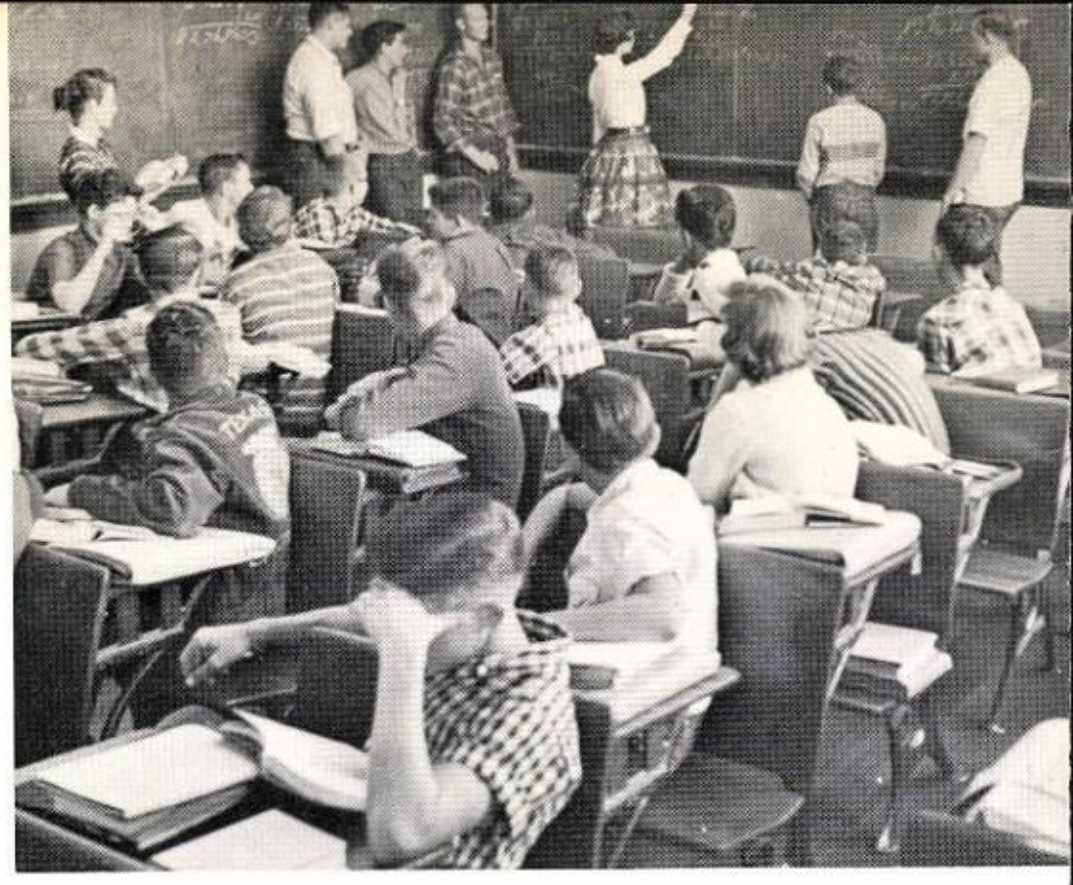
BUCKAROO

Beatrice Thorpe

You'd Know It's Breck High. . .

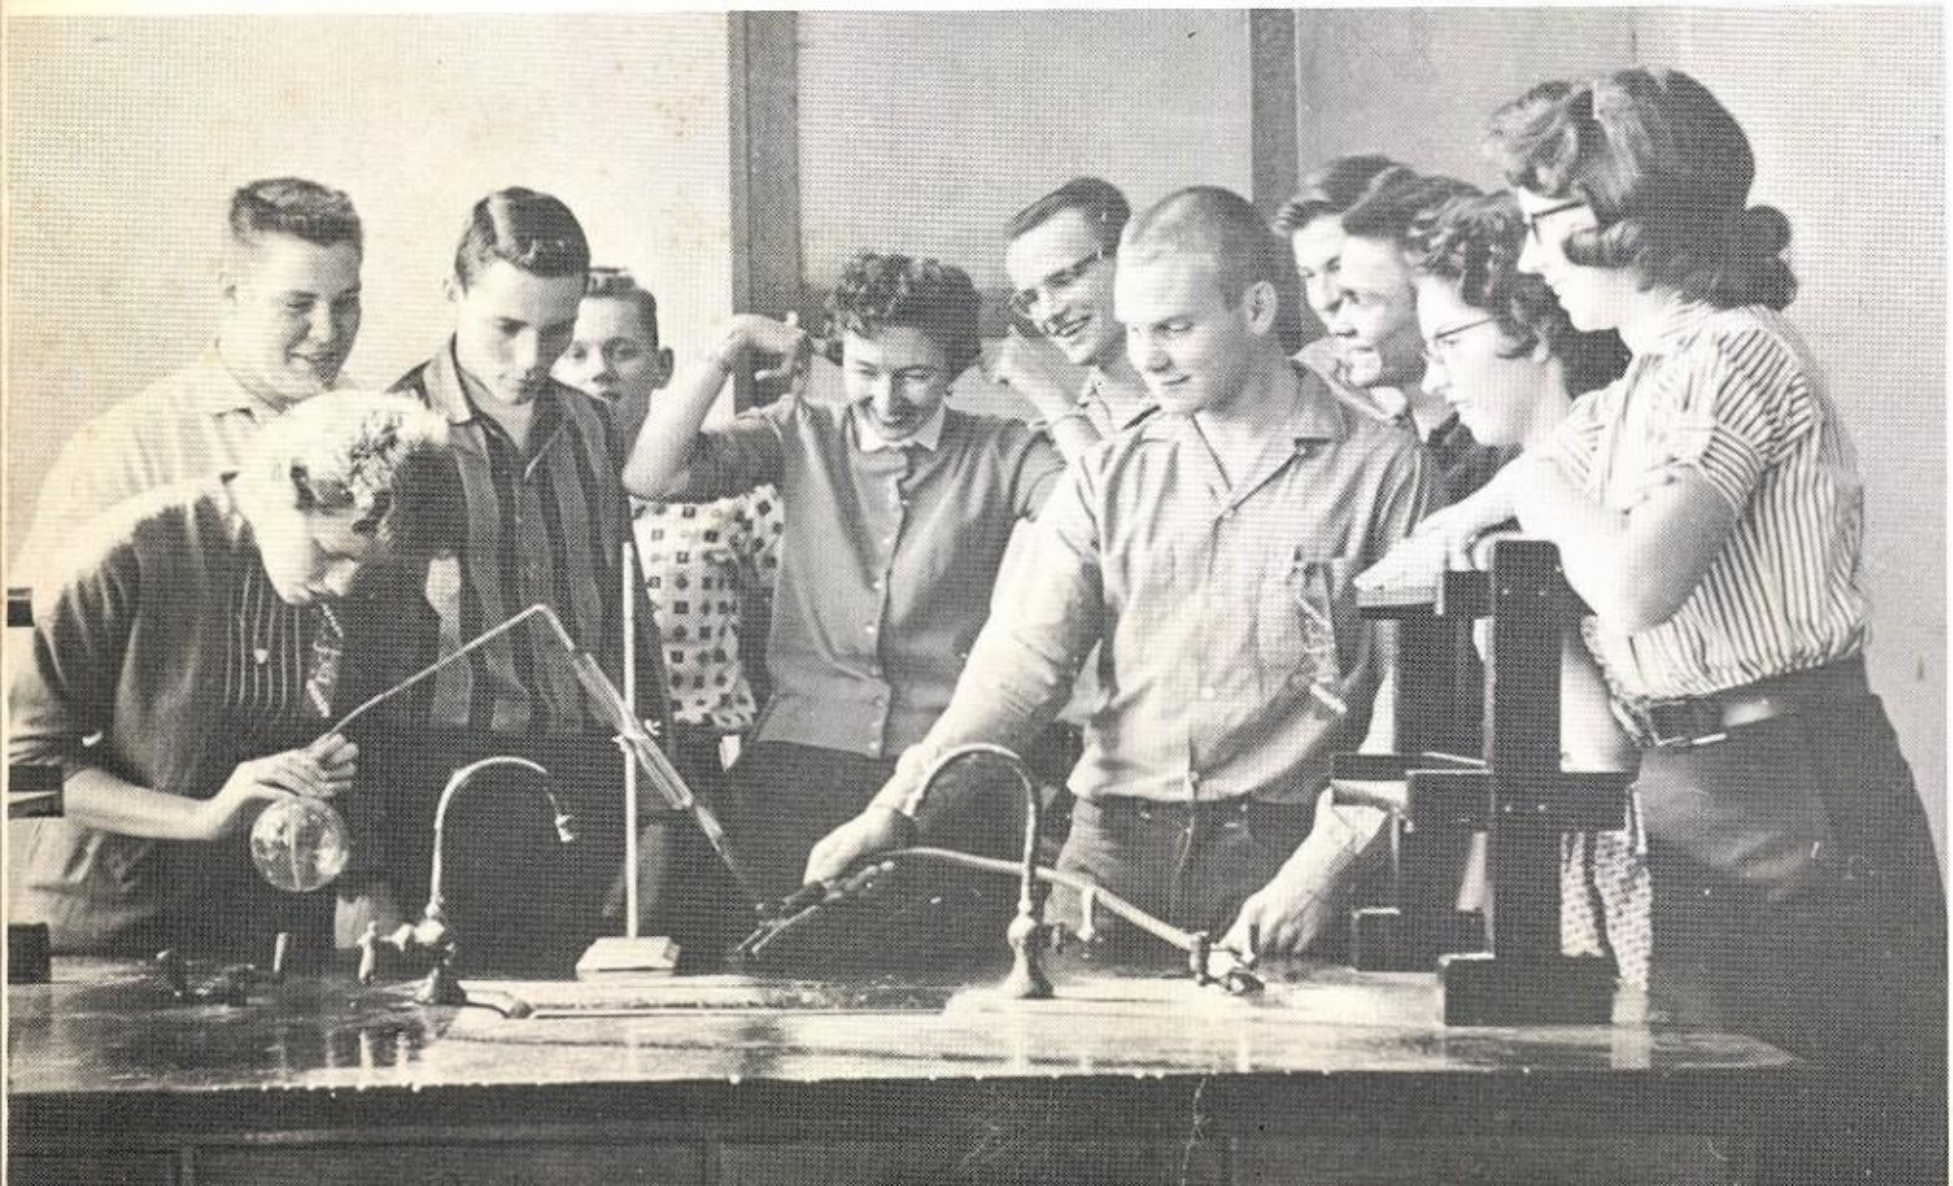
FHA members decorate their Christmas tree in the Home Economics Building.



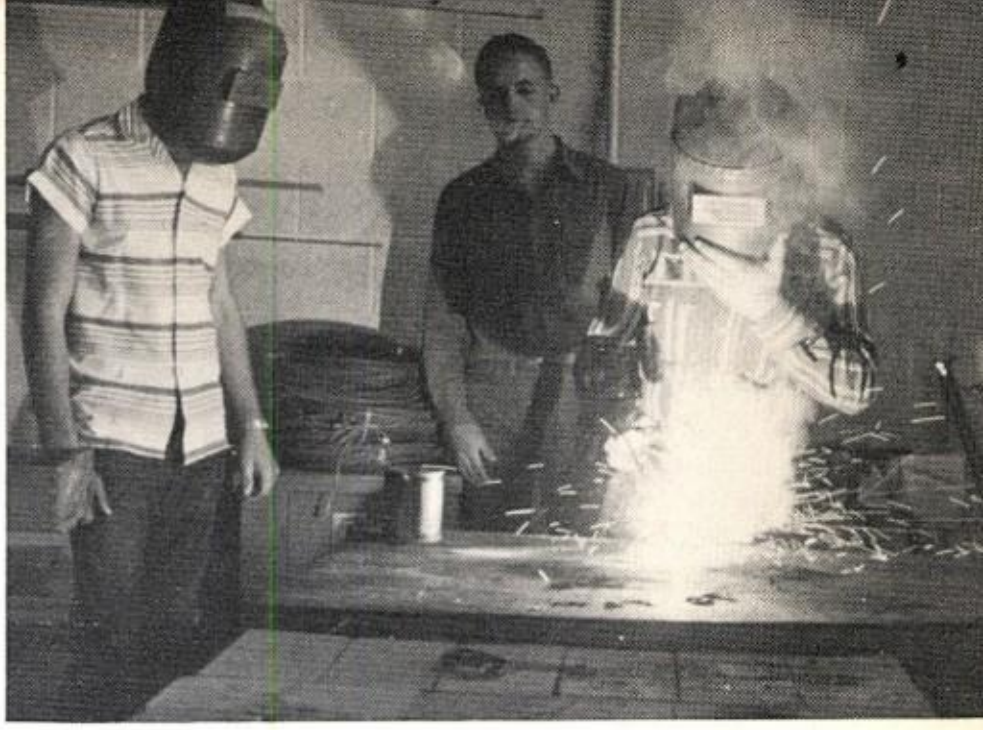
The students in Mr. Sullivan's Algebra I class put their heads together in working out a problem on the board.

. . .Where We Worked

Mrs. Sullivan's chemistry students work patiently on an experiment while Mrs. Sullivan prepares herself for the "worst."



A favorite of the seniors is Mrs. Bailey, who adds to her lectures witty remarks to make the course more interesting.

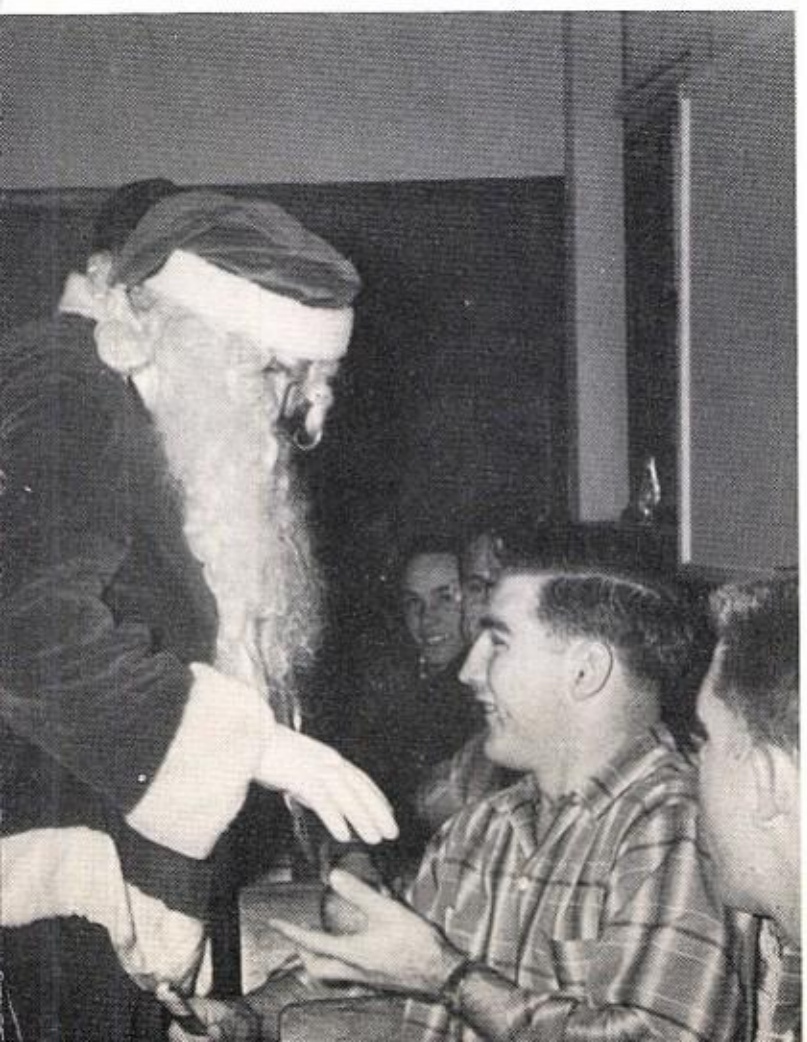


The new Ag building which was occupied for the first time last year, is equipped with many educational conveniences.

The "employees" of the library help other students in the library. They donate their time and should receive some recognition for their work.

In Classes. .

A job for the first period Senior English Class is that of producing a Christmas program for the whole Senior Class. The traditional program is used from year to year with only a few minor changes.



Many members of the physics class climbed out of bed each morning of the year at six-thirty in order to watch a television program, Continental Classroom. Because each student who watched it received an A+ for the six weeks, it was really not hard to get up that early.

A popular figure of Buckaroo Land is a faithful fan named Bo-Teen. He follows the Bucks to every event, usually hitch-hiking his way. Helping with the chain, he is always there to give the Buckies a pat on the back.

A good feature of the Bucks is to have a local minister speak to them the last practice before the game.

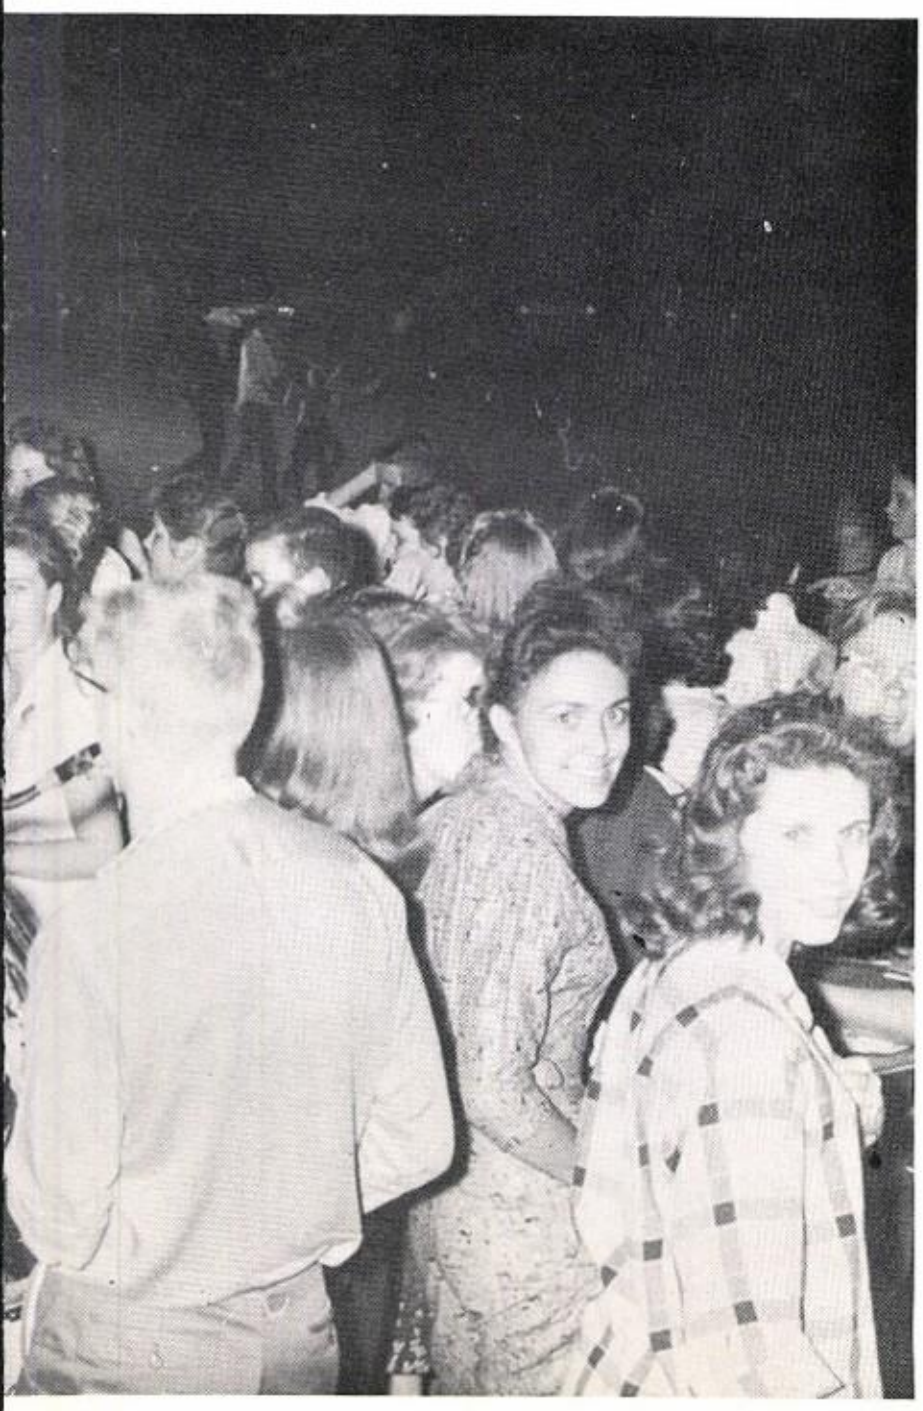
. . .Where We

During the week of the homecoming a variety of activities were performed in order to build team spirit. The bonfire was just one of these activities.

Thursday, February 5, the football players were presented their traditional jackets. They were kelly green and sported kelly green leather sleeves for the first time in Buckaroo history. As Coach Bellard helped Gary Brown with his jacket a low chuckle came from the audience.

Every Friday on which there was a home football game the students of Breckenridge High School were seen following the band to the intersection of Breckenridge Avenue and Walker for a pep rally. The students above yell while the opposing team looks down from the Burch Hotel.

Competed In Athletics. .



Before the Bi-district game with Sweetwater a "Victory Flame" was kept burning in the Burch Hotel. Greyhound busses passing through Sweetwater were plastered with "Beat Sweetwater" signs.

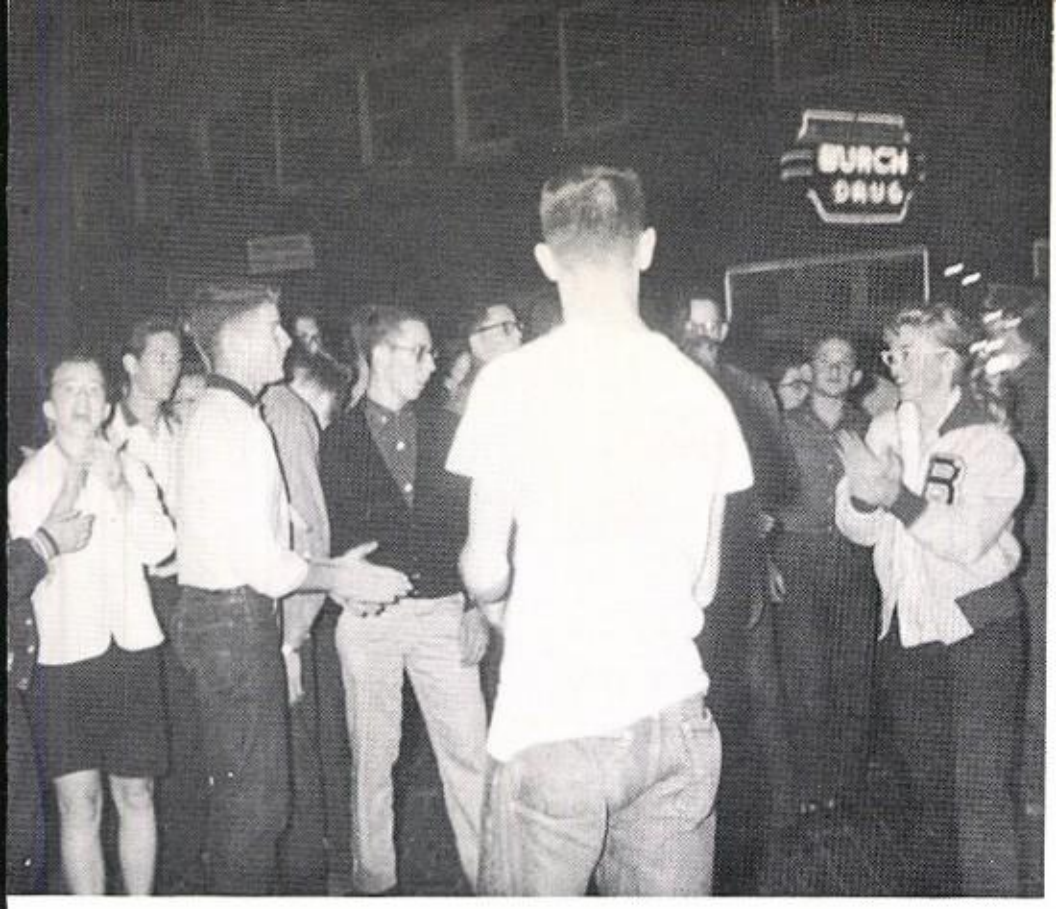
After a game Buckaroo fans rushed into the field house to congratulate the Bucks.

The "girls," with the assistance of hair stylists and mothers, prepare themselves for the long walk down the ramp to the stage. In keeping with the theme, "Under the Sea," they were dressed in one of seven pastel shades.

. .where we developed

The Coronation program was interrupted and the audience was caught by surprise when an octopus wandered on to the stage, and made a peculiar bow to Queen Gracie.

Sherry Walker attempts to organize a pack of girls at the Dairy Delight to form a pep rally.



In order to build team enthusiasm, many students gather at the Burch intersection for a midnight pep rally. Additional spirit was created when groups of students went around to the football player's houses and yelled.

President of the Ex-student Association, Guy Ewing Jr., crowns the Homecoming Sweetheart, Shirley Alexander.

Personalities. . .

he President of the Band, Eddie Kendrick, ushers Bonnie owe to the Drum Major in the half-time presentation of e Band Sweetheart.

During cold weather most of the students congregate in the gym to gossip.

Judy Baker was chosen in a faculty meeting as the D. A. R. Best Citizen. The seniors presented two other candidates for the honor—Marion Elich and Jan Cox.

In order to prepare a better annual the Annual Staff went to the annual clinic sponsored by the Steck Company in Austin. Here they wait outside the Driskill Hotel for their car to be brought.

. . .where we participa

At different times during the year B. H. S. was treated with a Southern Assembly. Students really appreciated such programs as the amusing puppet shows, acrobats, and the "liquid air" man.

The Student Council operated the concession stand at the basketball games in order to make money to buy their pins.

David Kuperman demonstrates his gyroscope at the Science Fair. This was the second year for the Science Fair, and it was marked as a great success with over 175 exhibits entered.

'ed in organizations. . .

Members of the Senior Class take part in the Thanksgiving program presented to a joint meeting of the homerooms.

Betty Keith and Barbara Ball, try their hands at one of the games devised by Mrs. Cates during the Junior Historical Society Christmas party.

The F. B. L. A. Store managed to keep the student body supplied with all the necessary tools for education. Their only means of advertising was a bulletin board changed periodically to depict some sort of sale.

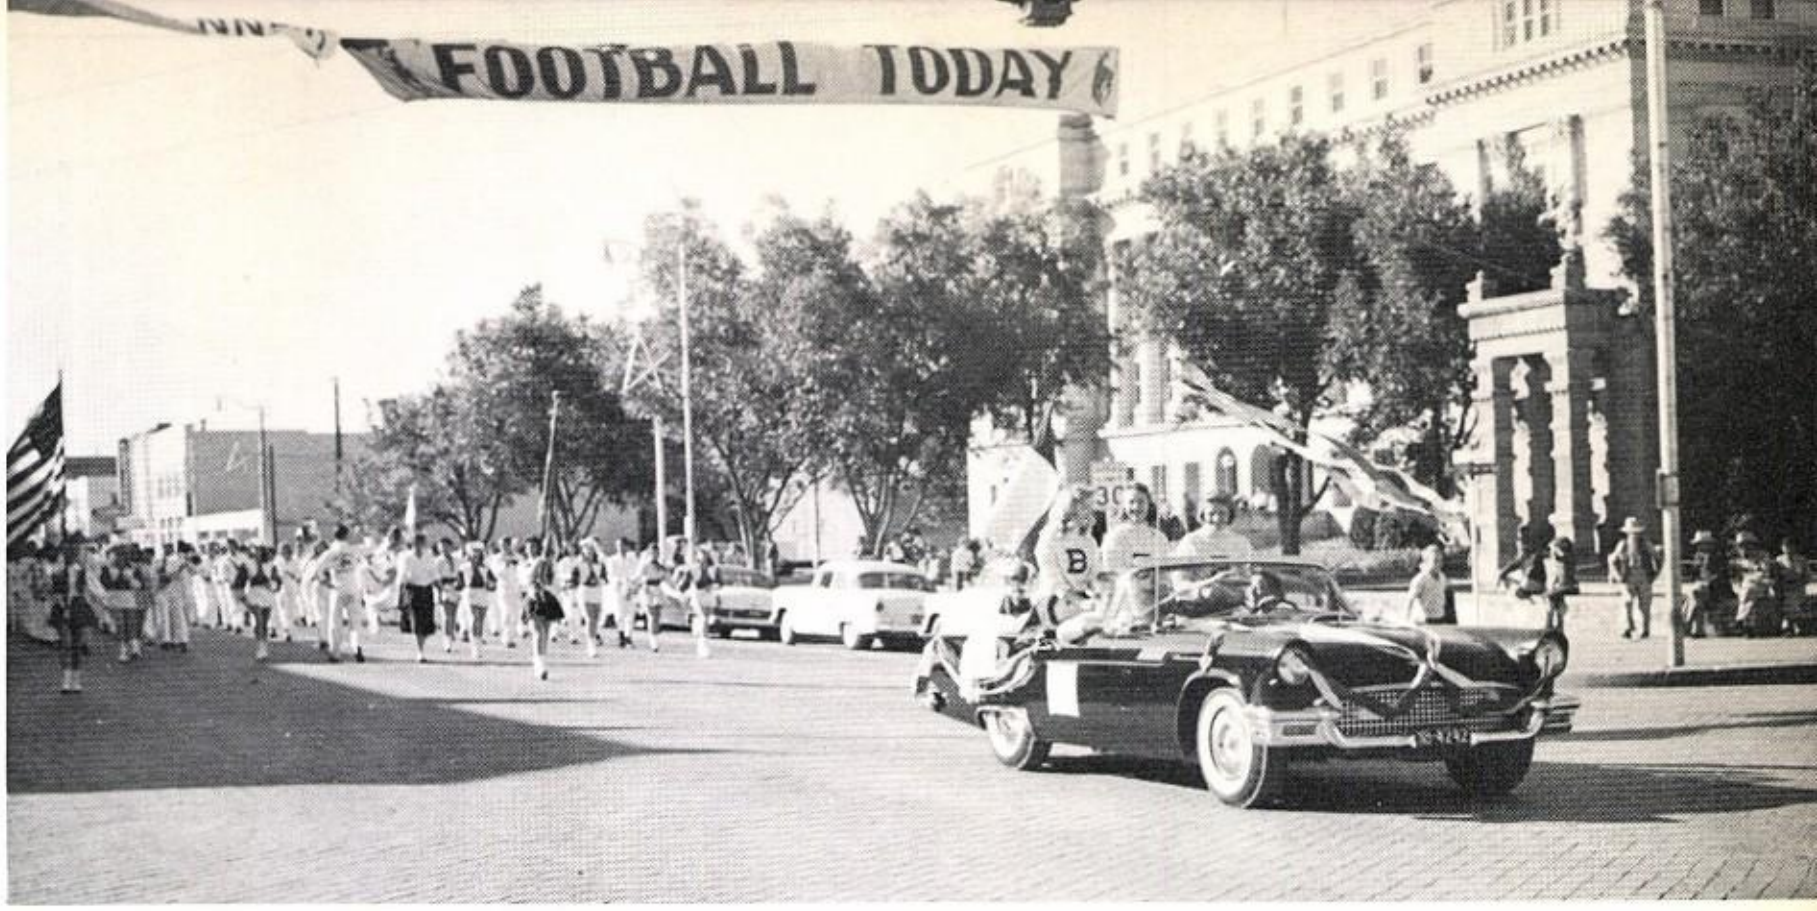
It appears as though the scent of food is just too great and the students of B. H. S., after repeated warnings, still run to the cafeteria.

The cafeteria ladies prepare David Clark's plate while Joe Nickell decides what to choose.

And Various Things That

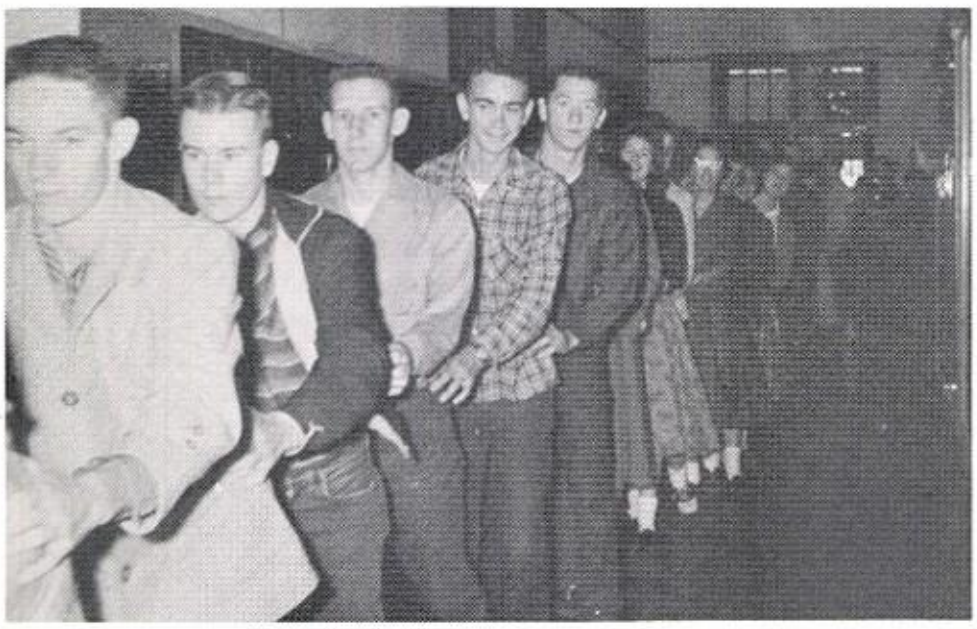
Several students help Mr. Wilkerson clean the trophy case before the day of the homecoming. The cleaning didn't prove to be as hard as putting the trophies back in the right place.

Sammy Rogers, Elliott Brewer, and James Hart practice an FFA radio program to be given at a meet.



On November 14, the date of the Weatherford game and the Breckenridge High School Homecoming the cheerleaders were seen leading the parade. They were followed by the band, convertibles with the Homecoming candidates, and cars sponsored by the various organizations in school.

Distinguish It



In an effort to stir up spirit the cheerleaders led a snake dance through the halls of B. H. S. one morning during the fifteen minute study period.

Mrs. Mac Smith dictates and her shorthand class records. Breckenridge High School has always been noted for its activity in business education.

But Most Of All, By. . .

From the time that a young, inexperienced freshman enters Breckenridge High to the time that he graduates, he is conscious of that something extra which is outstanding at his Alma Mater. Perhaps, it is evident in the student body, or in the school pride, or in the fact that other schools consider Breckenridge High "the school to beat." At any rate, he endeavors hard to maintain that prize which has been won, and swells with pride when he hears that familiar expression, "You'd Know It's Breck High!" in reference to some excelling phase of student activity.

The school year of 1958-59 has drawn to a close, and with it the activities of its classes, its clubs, and its competitive teams. Proud moments are now but memories. Your BUCKAROO staff has made its goal to record for you in form as accurate and as acute as possible this record for the year. Long live those golden moments and that institution which housed them so.

It would be impossible to cover all the activities of a school year at Breckenridge High School in one book, but the 1959 BUCKAROO has been designed to portray as nearly as possible the year's events and to present a permanent record of these memories.

Two jobs, such as producing a year's events in five months and sponsoring the Coronation could not be done by one single person--instead it was done by a co-operative staff of seven members. Still, these would not have functioned properly if it had not been for the endless patience of our administration, our personal friends who calmly put up with frazzled nerves, and Mr. Homme, whom we have to thank for some wonderful photography. To Mrs. E. R. Maxwell, our patient sponsor, we would like to extend a special thanks for her encouragement and wonderful guidance.

The BUCKAROO, which was ours for so long now is yours . . . .

Mrs. John F. Bailey

Mrs. John F. Bailey works faithfully with the Senior Class as sponsor. She is always ready to help any senior with his problems or to advise him in planning his future. At the Homecoming assembly program the ex-students presented Mrs. Bailey with a plaque of appreciation for all she has done for them. This is only one of the awards that has been given to Mrs. Bailey for her outstanding service and guidance. She is assisted in her work as class sponsor by Miss Lespie Ratliff and Mr. Bill Atwood. The three work together to plan homeroom programs adapted to the seniors' interests. One of the projects of the Senior Class is selling programs at each home football game. Another activity of the class is the senior play, produced by Miss Ratliff. The climax of the seniors' school year is the senior trip, sponsored by Mrs. Bailey. The senior class is very appreciative of the work Mrs. Bailey does as sponsor.

Mrs. R. A. Moore

The Junior Class is greatly indebted to Mrs. Jack Sullivan and Mrs. R. A. Moore for their guidance and understanding in the directing of the Junior Class's various activities. The main project of the Junior Class is planning the Junior-Senior Banquet, which takes place in the spring. The Juniors work hard all year to raise money for this event. It would not be possible without the hard work of Mrs. Sullivan and Mrs. Moore. Other homeroom sponsors who help them greatly are Mr. Luther Walker and Mr. Robert McCathren.

Mrs. Custer Knox

The Freshman Class Sponsor, Mrs. Custer Knox, helps the newly arrived freshmen to get adjusted to "High School Life." In addition to teaching her math courses she deals a hand in all freshman activities. Mrs. Nell Cates is program chairman for the class. The vice-president of each homeroom meets with her in planning future homeroom programs. Freshman homerooms were decorated with clever signs and arrangement of crepe paper to welcome all exes back for the homecoming. In addition to Mrs. Cate's and Mrs. Knox's homerooms there are also Mr. Sullivan's and Mrs. Emmon's homerooms.

Football

An athletic tradition of B. H. S. is that The Buckaroos stand throughout the game instead of sitting on the bench. Those not playing look on with great anxiety and confidence in their teammates on the field.

A popular figure in Buckaroo talk is Doctor Payne, the team's doctor. During the "plague of the virus" and when the outlook was dark, he nourished the Bucks back to health in order to win the coming game. In this picture Doctor Payne examines W. H. Roberts who still looks on at the game.

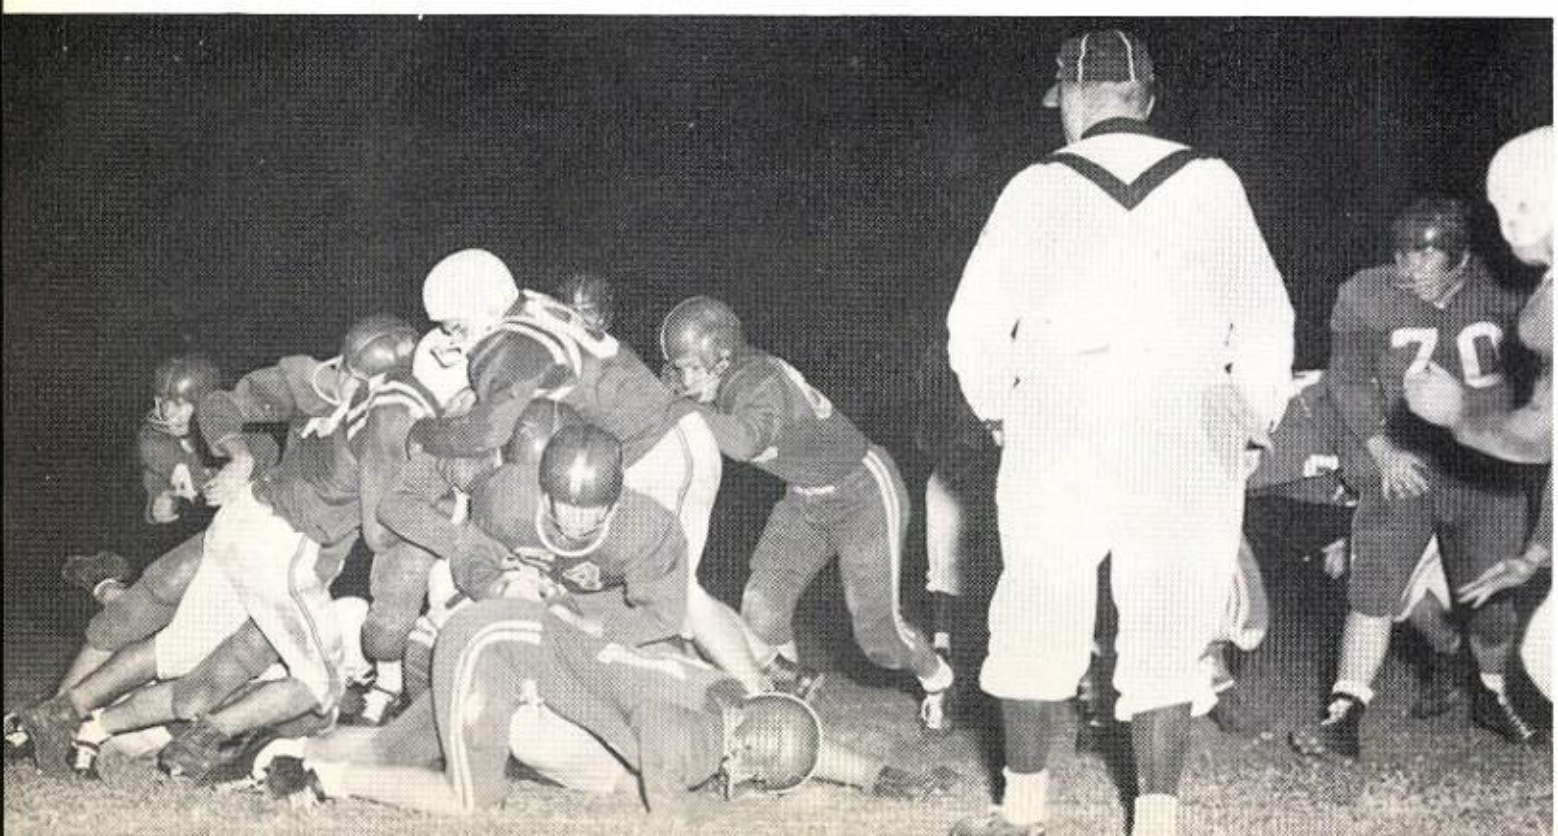
BROWNWOOD:

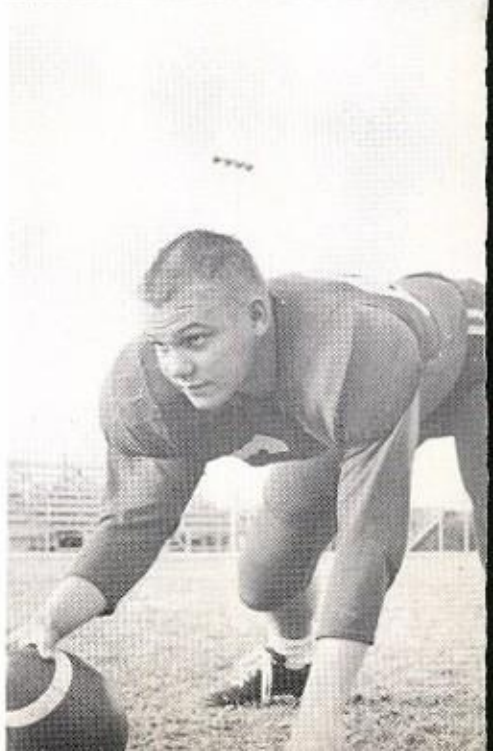
In the first conference game of the season the Bucks scratched the Brownwood Lions 22 to 6. Keeping the ball almost all of the time, the Buckaroos lightened for only one Brownwood rally in the last seconds of the game. Despite the eight for 109 yards, the Bucks still managed to "bring home the bacon".

MINERAL WELLS:

Long runs characterized this game with Mineral Wells-Joe Ed Pesch ran wild side-stepping the Mountaineer line and Jimmo Wilson sprinted 85 yards on a kick off to score six points. Even through this action the Bucks did have to kick once. A strong defense corralled the Mountaineers, for they only penetrated the Buck's line twice-and this was with the help of penalties. Despite these two drives the Bucks managed to push a 54 to 8 victory past Mineral Wells.

It's hard to tell who is piling who here, but Garland gives an additional shove anyway.





Wilson strains for additional yardage while Huddleston rushes to intercept two Roos who plan to join the mob.

GRAHAM:

The Buckaroo forward wall proved too much for the Graham Steers, and they were defeated 42 to 6 by the Bucks. The neighboring town's team made only four first downs, these being made in the last phase of the game. The longest run in the match was Joe Dan Knox's challenge of 41 yards for the fifth touchdown.

WEATHERFORD: Homecoming

The Bucks in one of the most impressive games of the year came from behind to defeat the Weatherford Kangaroos by a score of 22 to 6. Winning this game, the Bucks wrapped up the district title and renewed the support of all the alumni back for the homecoming. With only a few seconds left in the first half, Joe Ed Pesch caught a long pass which tied the game. In the second half the Bucks monopolized the ball to the point that Weatherford didn't even rate a first down.

The Bucks congregate before a game to hear the latest "word."

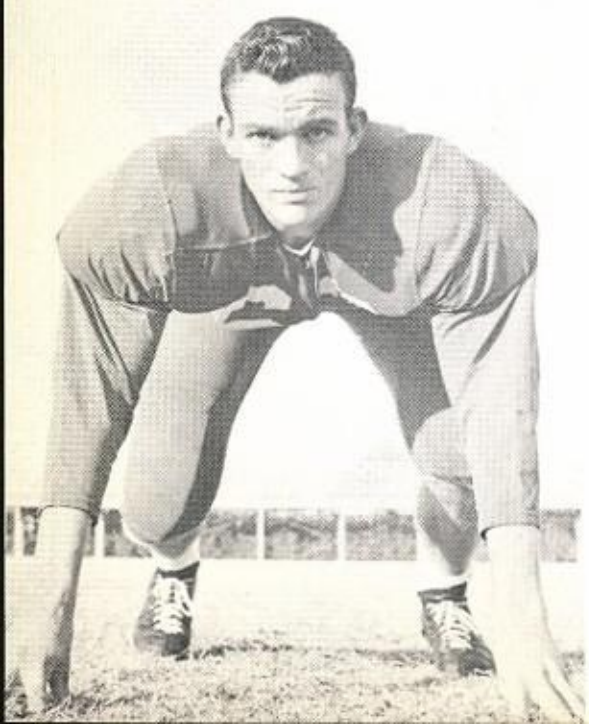
VERNON:

After a first-half scare the Buckaroos pushed over sixteen points in the third quarter to add to the final score of 30 to 16. Carrying the ball 17 times for 150 yards, Dickie Rogers was recorded as the leading ground gainer. With this game the Bucks closed out their scheduled conference games with a perfect record.



Jerry Gibson executes the "keeper play" for a good gain.

Bobby Walker sliced through Sweetwater in the bi-district meet for a touchdown that was good for 6 points, which with two points after, put the Buckaroos ahead 16 to 6. Walker scored from the 13-yard line, the only time he carried the ball that day.

SWEETWATER: Bi-District

The Buckaroos managed to down the Sweetwater Mustangs by a close tally of 16 to 14. The Bucks sprang from behind with a minute and five seconds left in the second quarter when Joe Ed Pesch caught a touchdown pass. Bobby Walker made the second score six seconds deep in the final quarter. Passes to W. H. Roberts and Larry Parker for the four extra points certainly paid off in this game. The Bucks returned home with a paved road to "state."

Joe Ed Pesch gathers the ball behind the Mustang defense and scores a needed six points.

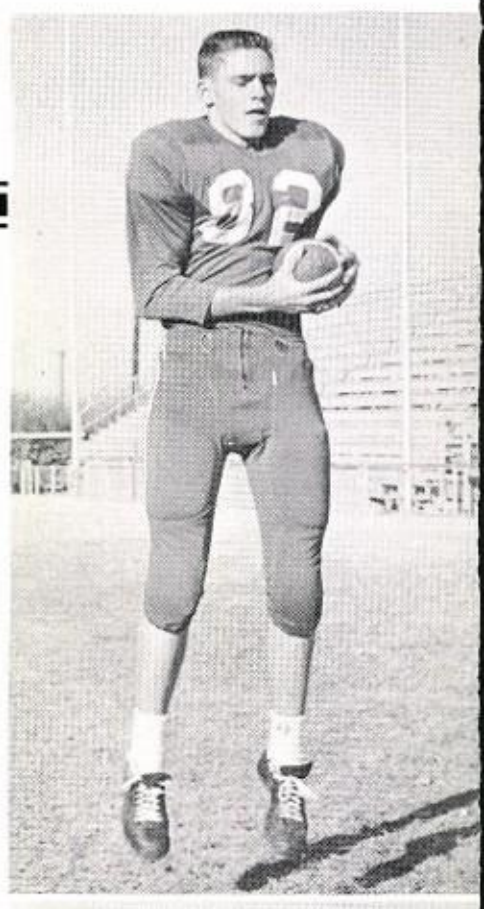
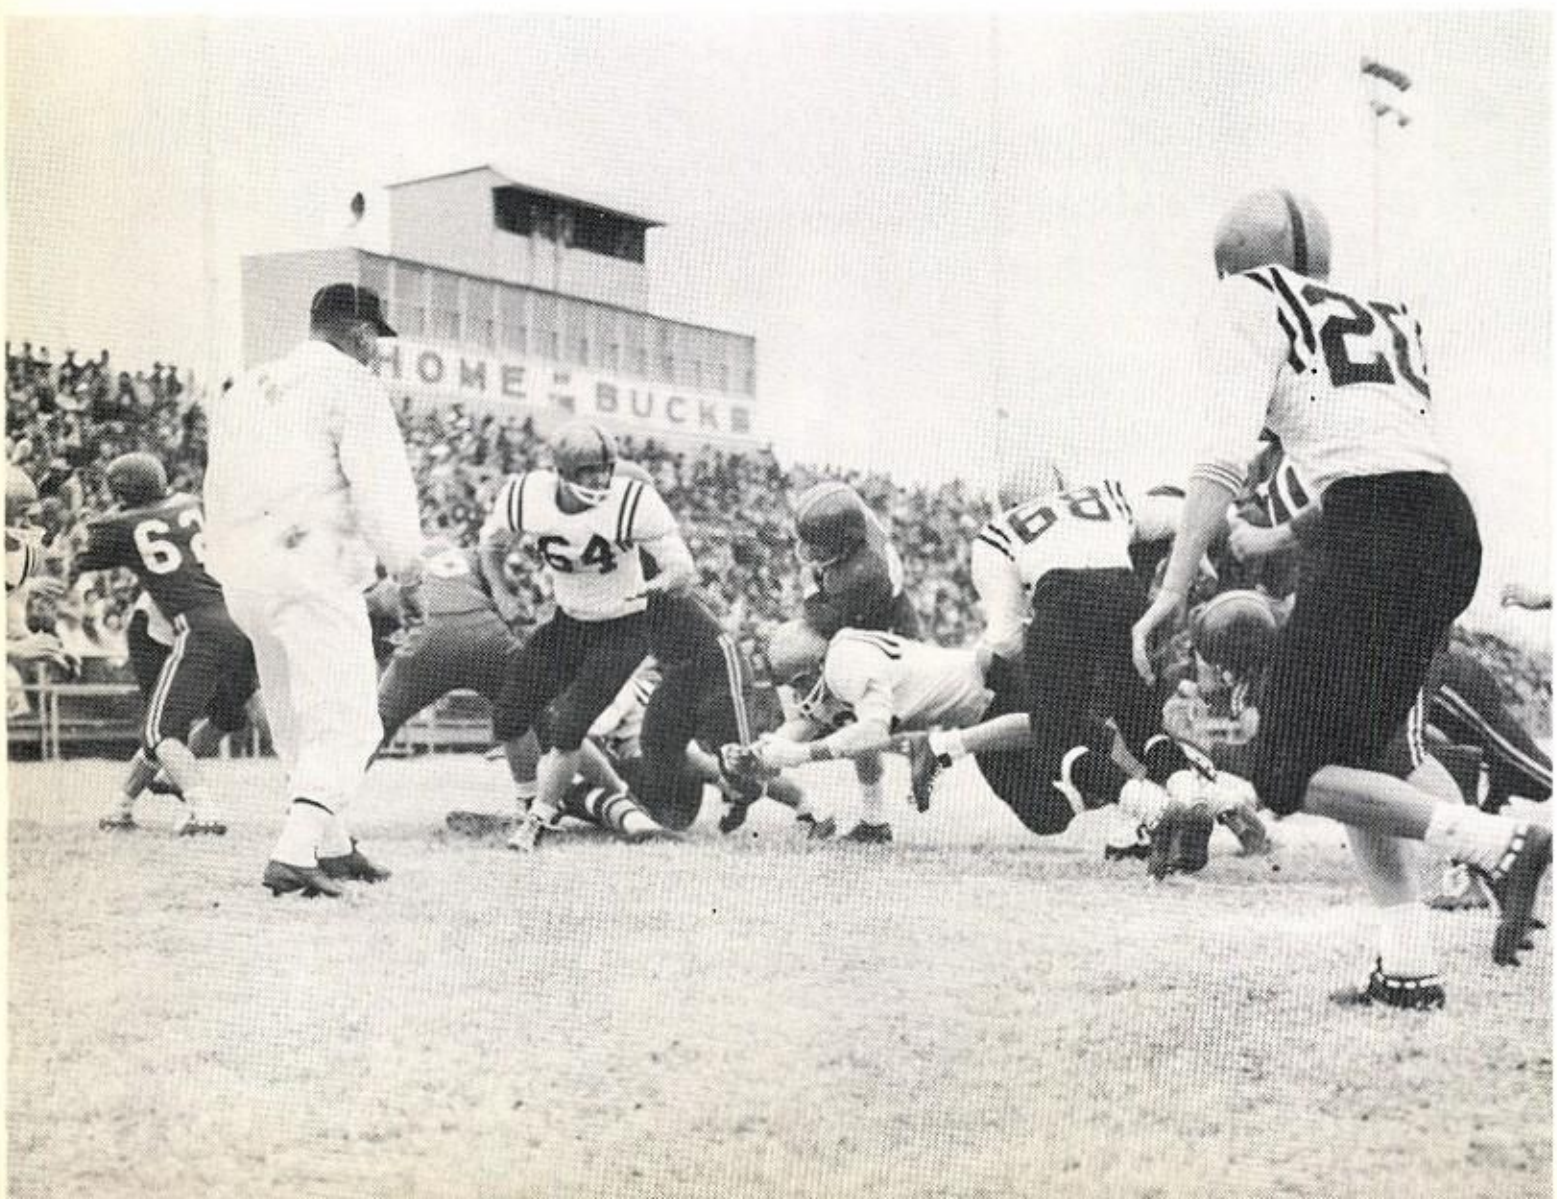
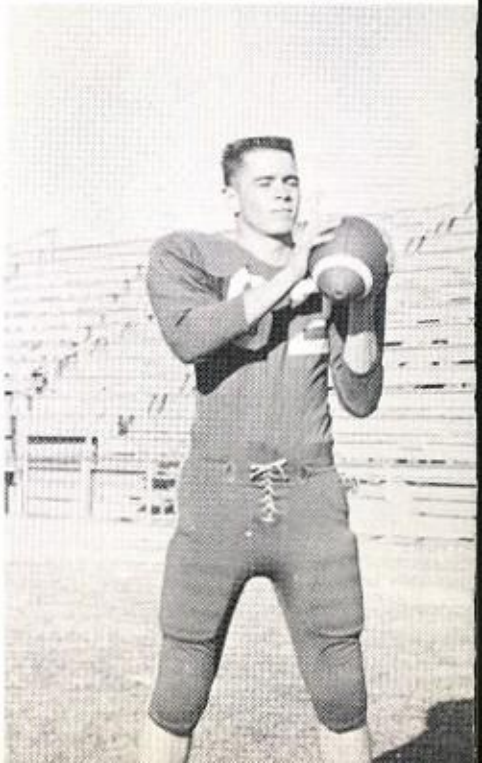
ANDREWS: Quarter-Finals

The Buckaroos, for the first time in the season, finally "skunked" their opponents. After the game the scoreboard read 44 to 0 in favor of the Green and White. The Mustangs gained only 33 yards rushing to Breckenridge's 334. The Bucks had no problems in making progress; for example, after the half they rolled over three touchdowns in four minutes.



Travis Gandy drives for that precious Andrew's goal line.





Joe Ed Pesch is halted after a long gain by Andrews tacklers.

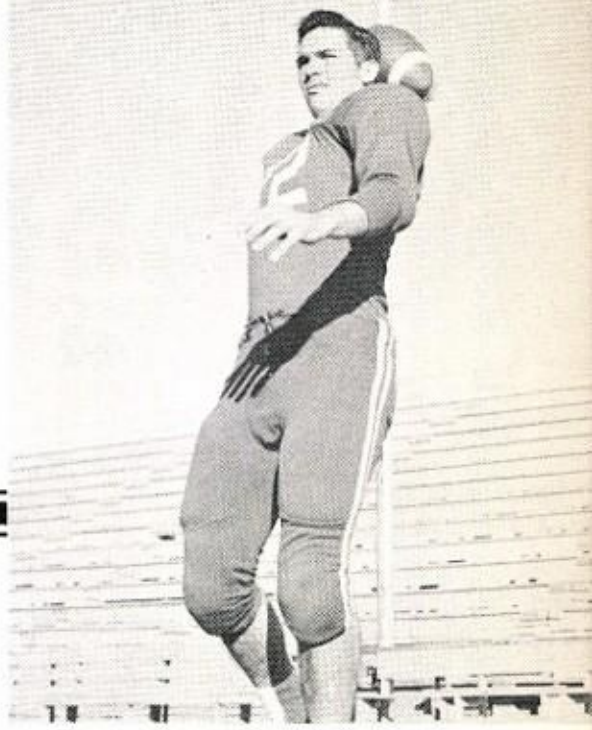
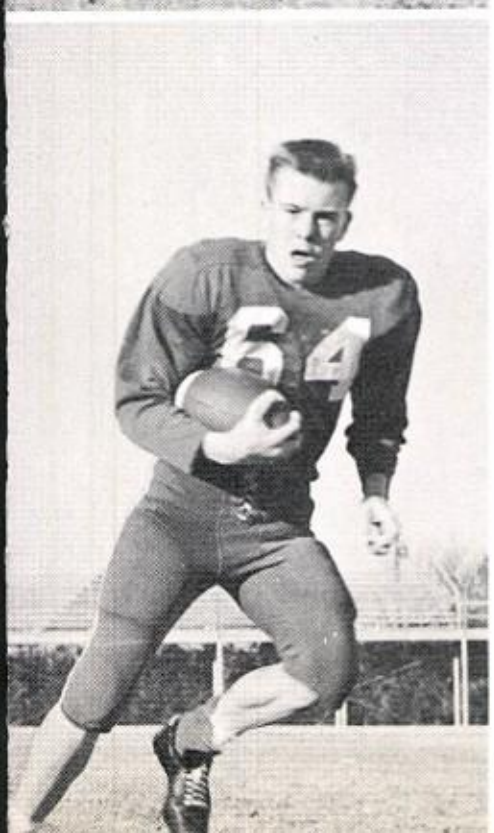
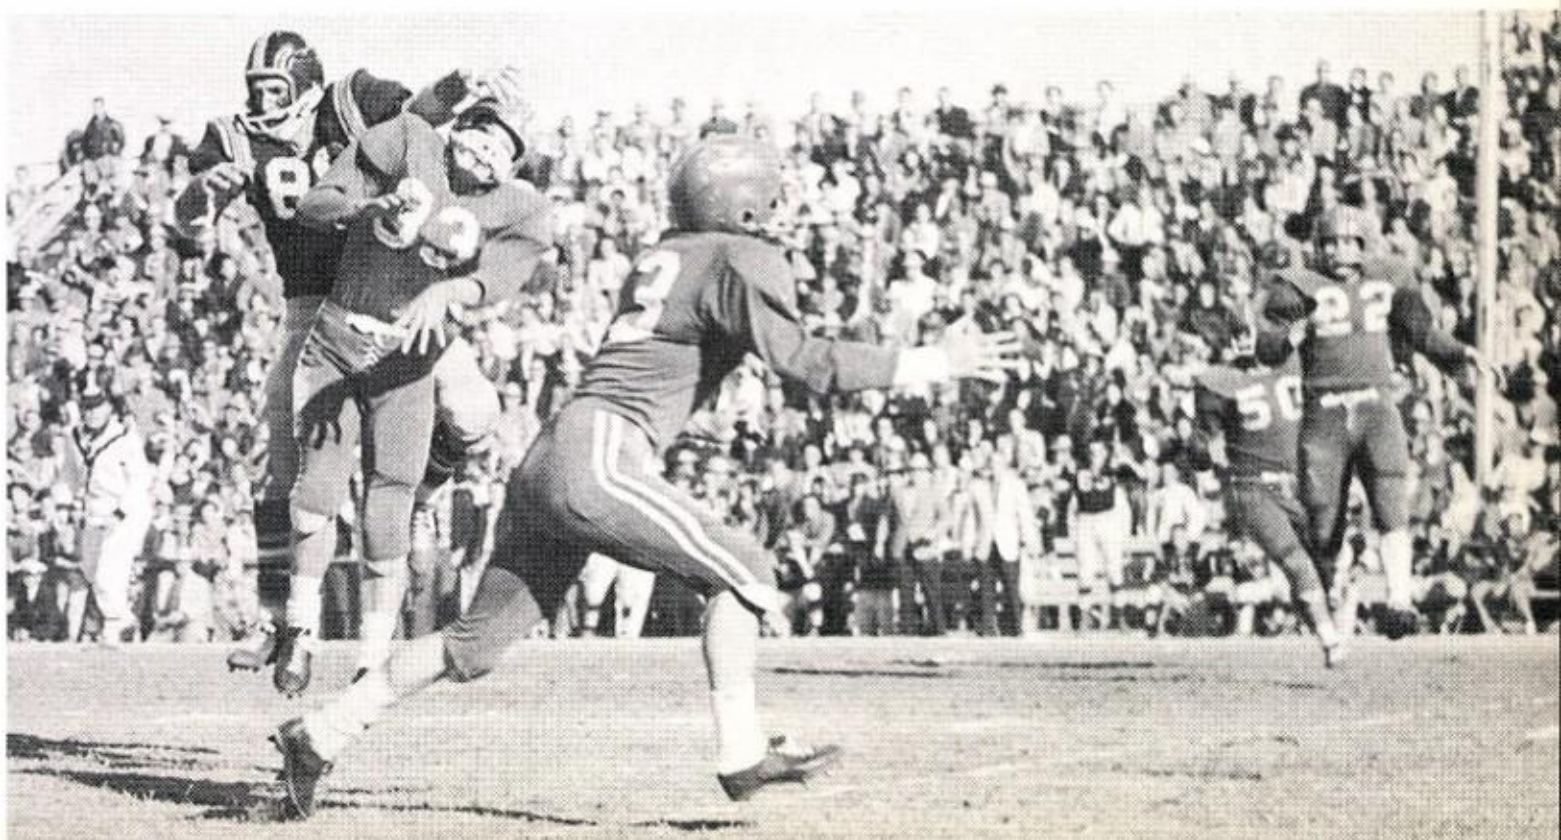
McKINNEY: Semi-finals

Lacking the encouragement of the band and most of the student body, which were restricted because of icy roads, the Buckaroos still managed to push over another competitor, this time by a score of 26 to 7. This game was played at Amon Carter Field in Fort Worth. This victory over McKinney brought the Bucks to the finals and a try at the state title.





Buckaroo pass defense is too much for a Brahma end as Wilson, Crousen, Parker and Martin converge on the ball.



Coach Bellard looks proudly at the All-State players.

KINGSVILLE: State Finals

The Buckaroos closed out their 1958 season December 20, when they downed Kingsville 42 to 14 for another "State" victory and a total of four titles since 1951. Buckaroo Stadium saw the third team go into battle, which was very unusual. After seeing the Bucks race wild through gaping holes in the Kingsville line, fans went home--the Buckaroo coaching staff was carried to the showers--and many senior players took off their Buckaroo Green for their last time.

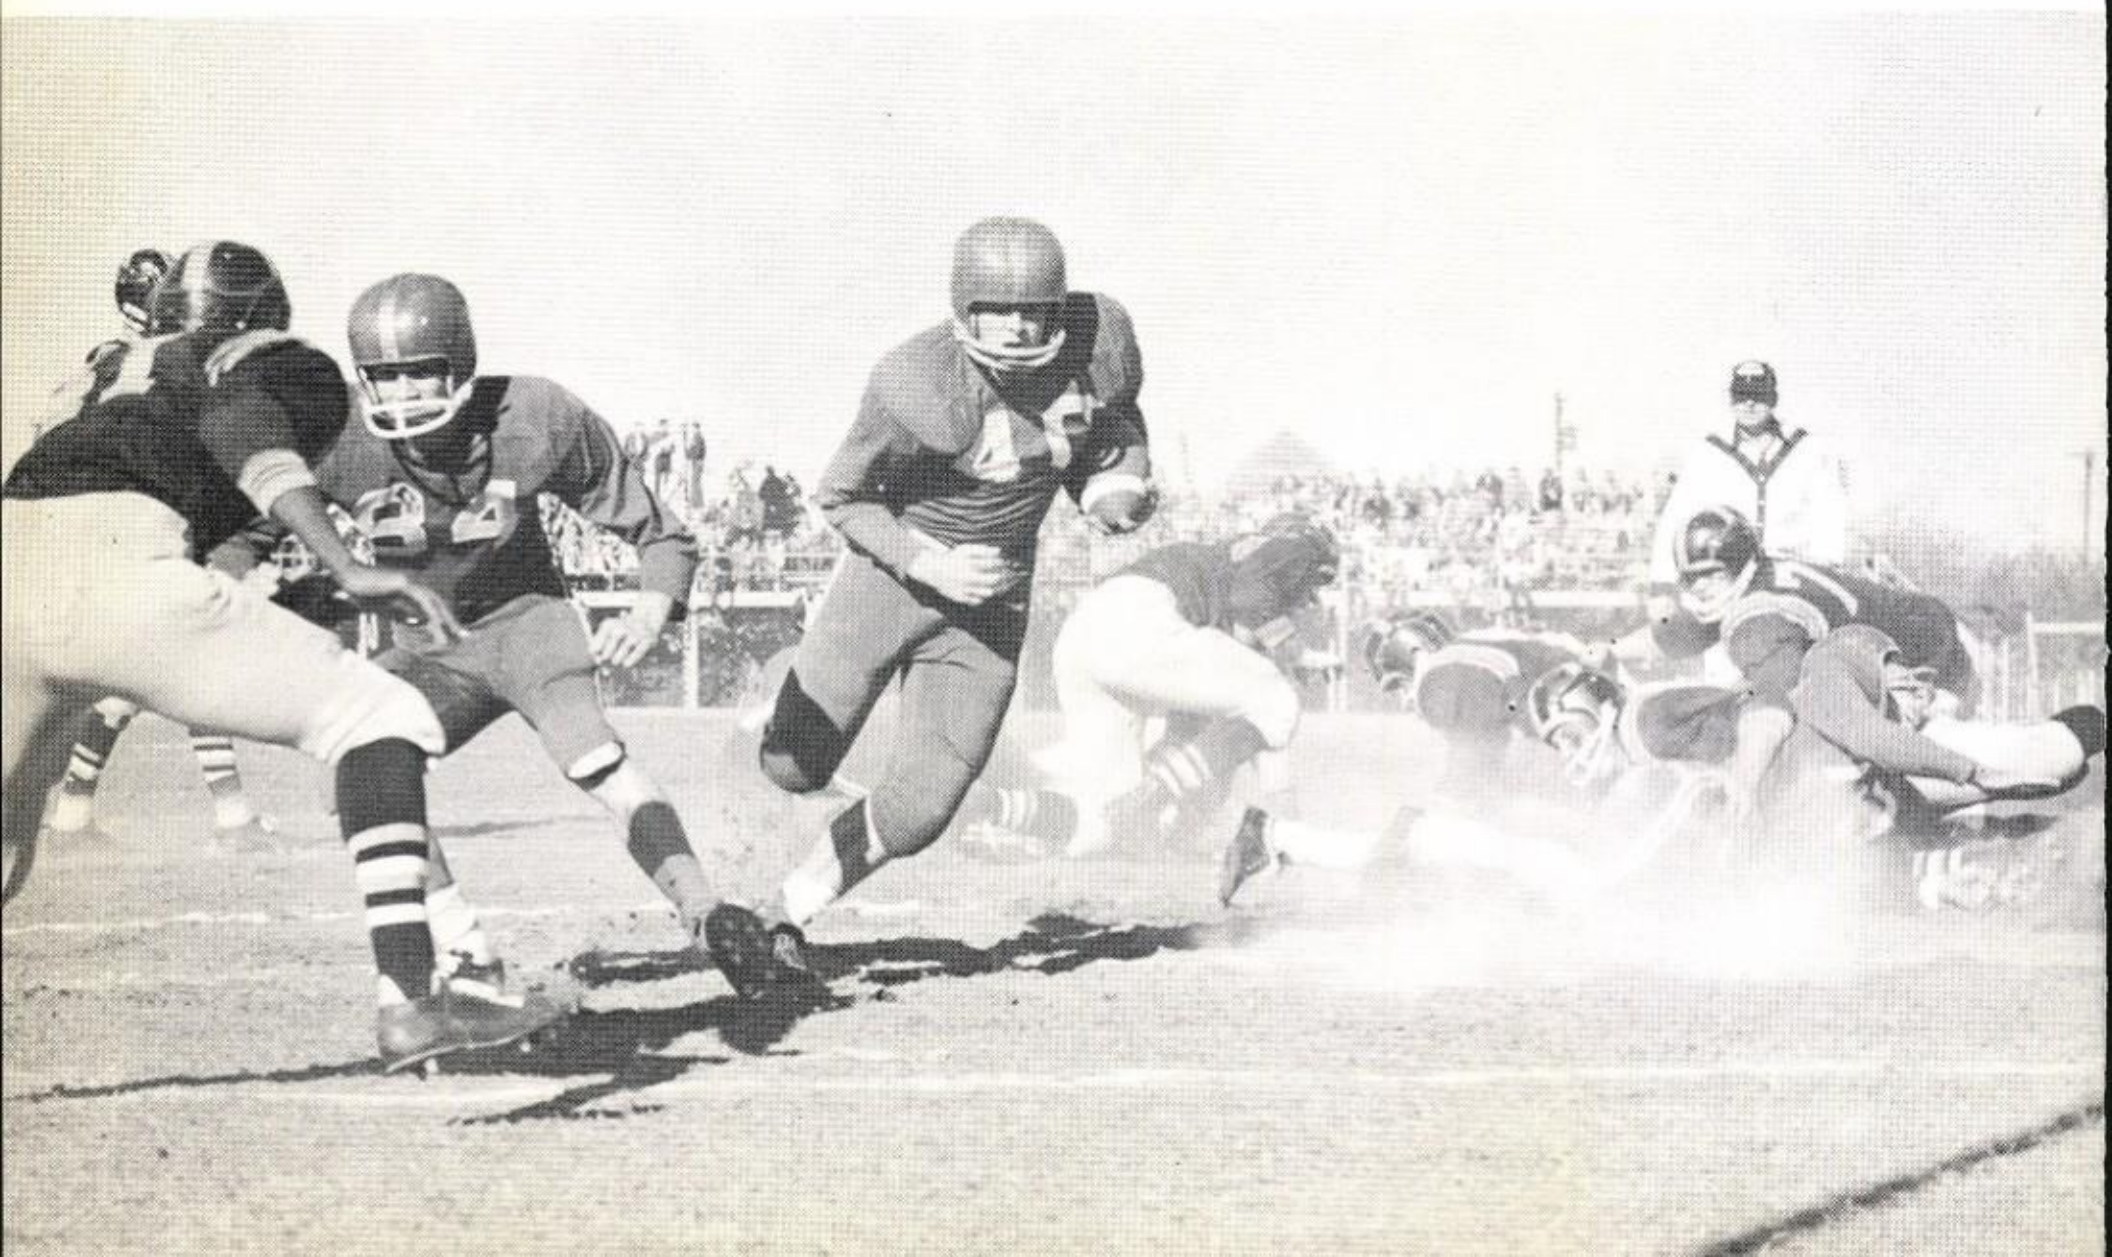
Dickie Rogers carries the ball to score against Kingsville, which gave the Buckaroos a score of 14 points which Kingsville could only have tied if that had been all. He plunged 8 yards through a gaping hole and across Kingsville's "white line."



Homecoming Sweetheart

Shirley Alexander

Now established as a popular event, the homecoming brings pleasant memories back to the campus every two years. Culminating a week of hard work on the part of everyone, the parade and pep rally downtown, the gathering of "exes," and crowning of the Homecoming Sweetheart make a memorable school event.

Candidates are chosen from each class and the sweetheart is elected by the entire student body. The Sweetheart is crowned during the traditional half-time activities of the homecoming ball game.

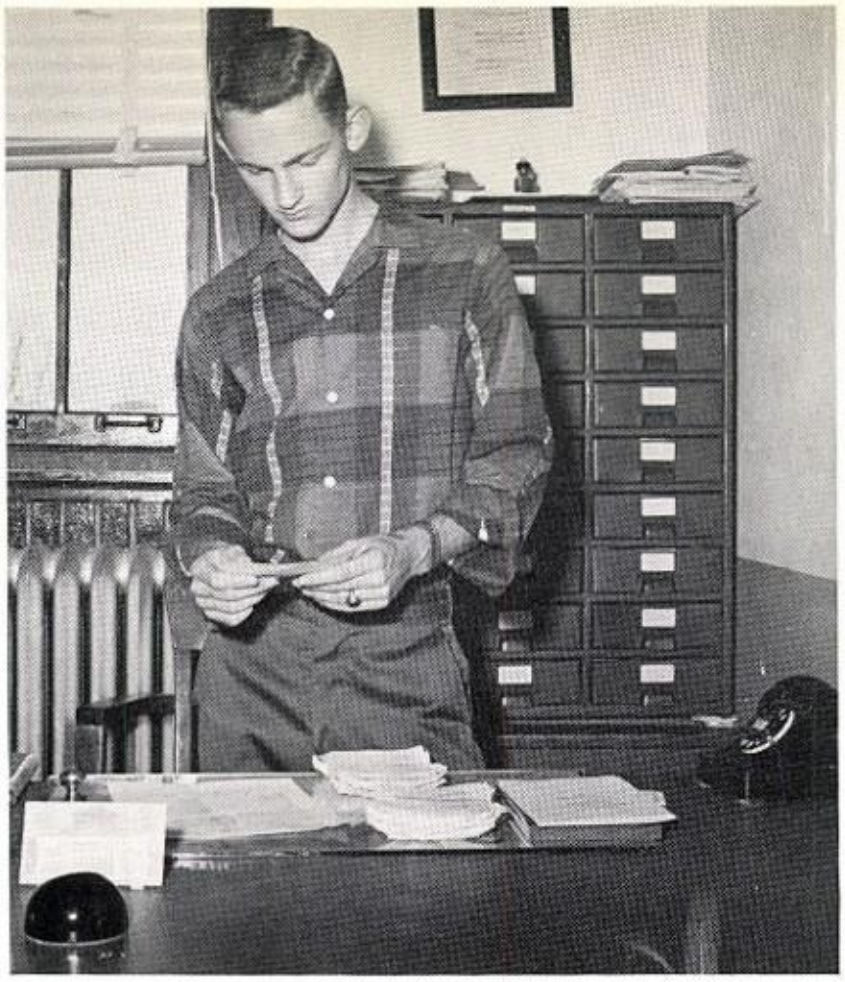
ORGANIZATIONS

The Student Council is composed of the President of the Student Association and the presidents of all the homerooms. All officers except the president, who is elected by the student body, are elected by the council. The principal must approve all business acted upon by the group. The council meets only when there is business to be discussed, at which time the president gets the permission of the principal to call a meeting. This organization promotes relations with other schools through correspondence. There are many special projects during the year such as being in charge of concession at basketball games, helping with homecoming, supervising lunch-hour recreation, helping plan assemblies, and conducting daily morning devotionals.

Each member is presented a gold Student Council pen at the end of the year.



President Jay Hatch

CRAFTS CLUB

The purpose of the Crafts Club is to promote interest in crafts and leisure time activities. Learning takes place through the use of films, demonstrations, and construction of actual projects. The only qualification for membership in the Crafts Club is that mechanical drawing or woodwork must be taken during the same year that membership is desired.

FUTURE HOMEMAKERS OF AMERICA

The Future Homemakers of America is a national organization of students studying homemaking. It is sponsored by the Home Economics Branch of the Office of Education and the American Home Economics Association.

The motto of the Future Homemakers of America, "Toward New Horizons," expresses the purpose of the organization. The emblem symbolizes that the future homes of America are in the hands of its youth. The main purpose of F. H. A. is learning to live better today in order that the homemaking pupils' lives and those of their families may be better tomorrow. The flower is a red rose.

The local chapter is divided into a senior group and a junior group with a combined membership of one hundred and forty. The girls may earn chapter and state degrees. Leadership training meetings are held on the area and state levels.

The group participates in such activities as sending Christmas cards to the mental hospitals, presenting their annual dress review in assembly, serving at the F. F. A. Banquet, helping with the Christmas parade, and giving the annual School Board Dinner.

The John Bailey Future Teachers of America was organized in Breckenridge High five years ago. It consists of about twenty-five to thirty boys and girls each year.

Mr. Bailey has done so much for the Breckenridge school system that his name was given to the local group. He has met with the club several times and is an inspiration to each member.

Mr. Bailey has given a $100 scholarship each year to a senior that is outstanding scholastically and in Future Teacher work. The Breckenridge Teachers Association voted to give an additional $50 each year to the scholarship fund.

Mr. and Miss F. T. A. are elected each year and compete in the district meet. If district is won they will represent Breckenridge in the state meet at North Texas.

LIBRARY CLUB

The library strives to serve every student and teacher in school; therefore there are books on the shelves for many different ranges of intellectual ability and interests.

The purpose of the club is to teach the assistants basic library skills; how to use the card catalogue, the indexes, the reference books, and the audio-visual aids.

Since its organization in 1930, the Library Club has had more than three hundred members. Each of these members has helped other students and teachers find the information needed.

Students may earn two letters in library work. One is given to members who participate three years. The second is given to members who participate four years and give some outstanding service to the library.

The Future Farmers of America is a National organization of, by and for farm boys who are studying vocational agriculture in the public high schools of the nation. A local chapter of this fine organization is active in the Breckenridge High School.

As America's future farmers, these young men hold in their minds and hands the progress that this community and this nation may take in years to come, because a prosperous and productive agriculture is the very foundation of our American standard of living.

As students of vocational agriculture in high school they study the scientific, economic, and mechanical aspects of modern farming. As members of the Future Farmers of America they learn through active participation how to conduct and take part in public meeting; to speak in public; to market farm products; to solve their own problems; to finance themselves, and to assume civic responsibility.

Mr. Bill Atwood, Advisor; Ronnie Martin, Vice-President; Hurley Boles, President; Wanda Tarver, Sweetheart; Roger Broyles, Treasurer; Dickie Rogers, Reporter; Ernest Stuard, Sentinel; Bobby Knight, Secretary.

The Vocational Industrial Club, which was formed in April 1946, brings co-operative training clubs together on a state-wide level.

The members of the local club are those students who are enrolled in either regular vocational day-trade, shop class, or an industrial co-operative training class.

The V. I. C. of Texas takes in a wide range and variety of industries such as the following: welding, photography, cosmetology, cabinet making, building trades, art, and auto mechanics. Each year the clubs meet at district and state levels to compete with each other in contests.

The purpose of the club is to promote leadership, honesty, integrity, and prepare the student today for leadership tomorrow in his respective trade or vocation.

Some of the local activities of the club are operating the concession stand at football games, electing a chapter sweetheart, and taking field trips to industries.

Breckenridge High is honored this year by the fact that the state V. I. C. convention is held at this school.

Since 1921 Breckenridge High School has entered in writing contests. The Ready Writer's Club was organized for students interested in such contests in order to give them the experience and background for extemporaneous writing.

This club, under Mrs. John F. Bailey's supervision, offers many opportunities. A student may win honors as high as the state level in the interscholastic contests. The only requirements for these are originality and a genuine interest in writing. The Ready Writer's Club is a working but enjoyable club.

The purpose of the chorus is to entertain and to teach its members to sing. The chorus practices five days a week. The highlights of the year for the group are singing for the Christmas program, Spring Show, Graduation, Baccalaureate, and for different civic organizations.

The Future Business Leaders of America is a national organization divided into regional state divisions. The Breckenridge F. B. L. A. Chapter has won not only state recognition, but has received national honors as well. The members of this club are proud of such accomplishments as having a national and state president and having the national champion Parliamentary Procedure team for 1958.

This year the club will extend itself in an effort to win more of these national honors. The club also devotes itself to service to the community and education in business. Each year the organization works toward a three-point goal. The first two are education and service, and the third is progress.

Each year a selected group of local businessmen interview outstanding members in the club for the two highest honors--Mr. F. B. L. A. and Miss F. B. L. A. This year the two honors went to David Kuperman and Carla Kay Maddox.

SLIDE RULE CLUB

The Slide Rule Club is organized for and made up of students who are interested in becoming scientists or engineers. In the club the students learn to use the slide rule, learning to multiply and divide, square and cube numbers, and find square and cube roots of numbers with reduction in time and figures. The members who learn to do this with the most accuracy and speed will compete in the Interscholastic League meet in the spring. The club members feel that their club will grow, as the need for engineers and scientist is growing.

The purpose of the Number Sense Club is to acquaint students with short cuts used in math. At meetings tests are taken to increase a student's accuracy and speed. The member with the highest test grade may go to district, regional, or state.

Since the club was organized in 1956, Breckenridge High School has been represented in regional for three years and state two years.

To qualify for membership in the Number Sense Club each is required to have an "A" average in his math course.

Due to the efforts of Mr. Roan, the Buckaroo Stage Band has developed into an important part of school activities. One period a day plus outside practice has been devoted to the development of students with a talent for music. This talent proves worthwhile when a student is offered a music scholarship from some college, or, as has often happened, a student devotes his life to teaching music.

To demonstrate the ability of the Stage Band, Mr. Roan accepts invitations to play out-of-town programs and to participate in contests such as the Stage Band Festival held annually in Brownood. Along with this, the Stage Band contributes its part in many school activities such as the annual Coronation each year.

BAND

The Breckenridge High School Band is composed of eighty-eight marching members. Under the skillful direction of Mr. Alton Roan and the complete co-operation of all its members the band presents many varied and interesting half-time shows during football season. The new band hall has given the band many advantages, one of them being sound-proof practice rooms. The annual all district band meet was held in Breckenridge this year, and several of the students entered and placed. The band has a trip to the Fat Stock Show in Fort Worth and to the band contest in Brady. For entertainment the group enjoys a spring picnic and a Christmas party. The Spring Show held in April gives the organization an opportunity to show its skill.
